

# DIRECTIONS to BELLEVUE COMMUNITY COLLEGE

Bellevue Community College is SE of Bellevue city center and is reached via I-90.

3000 Landerholm Circle SE Bellevue, WA 98007

## FOR DR. VLASUK'S X-RAY SEMINAR

Once on I-90, take the first exit east of Highway 405, which is **Exit 11A from the west** and **Exit 11 from the east**.

If you are approaching from Highway 405, take the exit to go toward Spokane on I-90.

(slight modification in directions from the west as compared to previous years)

**On I-90 from the West (as in approaching from Seattle or 405):** Take exit 11A. This branches into 2 branches; take the left branch toward 156th, which cloverleafs **under** the overpass and takes you north on 150<sup>th</sup> Ave SE.

(same directions as in previous years from the east)

**On I-90 from the East (as in approaching from Eastern WA):** Take exit 11, which branches into 3 branches. Take the exit to 156th (see signs indicating BCC). At the end of the exit ramp, turn left onto SE Eastgate Way. Go about 2 blocks and see 150th. Turn right (north) onto 150<sup>th</sup> Ave SE.

150th Ave SE curves and spontaneously becomes 148th Ave SE and then goes up a gradual incline. There will be a small shopping center to the right (E) and then the very large Mormon Temple can also be seen on the R. **There is a new entrance to BCC. Stay to the left; 2 L-turn lanes go to BCC.** This is now **before** the fire station and the Shell station. Follow Landerholm Circle into the BCC campus until you reach the end and find a circle drive. The B Building is very near this circle. Go back out and park anywhere in the parking areas and then come back to the circle, and find the B Building, where you will see signs to find the classroom, either B-104 or B-204 (immediately upstairs from B-104).
